About Dr Rubinstein

Dr Craig Rubinstein is a highly skilled and popular Specialist Plastic Surgeon based in Hawthorn East, Melbourne. With over 20 years of surgical experience he is held in high regard, especially in all areas of Cosmetic and Plastic Surgery, but particularly in Aesthetic Breast Surgery. These include Breast Augmentation, Breast Reduction and Breast Surgery Revision.

Dr Rubinstein is an expert in Abdominoplasty procedures. His personal and meticulous planning for each patient ensures realistic and natural long lasting results. He believes that surgical customisation, precision planning and technical expertise helps him to provide optimal surgical outcomes for his patients. He regularly attends conferences both in Australia and overseas.

Surgical Procedures

Dr Rubinstein is renowned for achieving natural-looking results in all forms of breast enlargement and corrective surgery. He also has extensive experience in Abdominoplasty surgery for women following pregnancy or significant weight loss.

Surgeries performed by Dr Rubinstein include:

- Breast Reduction
- Breast Augmentation
- Breast Lift
- Breast Implant Revision
- Breast Asymmetry Correction
- Abdominoplasty (Tummy Tuck)

Dr Craig Rubinstein

Specialist Plastic
& Cosmetic Surgeon

Primary Areas of Focus

Dr Rubinstein has a passion for all forms of Breast Surgery including Breast Augmentation, Breast Lift (Mastopexy), Breast Reduction, Breast Asymmetry Correction & Breast Implant Revision, as well as Abdominoplasty surgery (Tummy Tuck) for women.

The Rubinstein Difference

A positive patient experience is of utmost importance to Dr Rubinstein and his team. He takes exceptional care to assist clients in making fully informed decisions about their surgical choices and he has an unwavering commitment to individually customised surgical planning.

Results and Recovery

In addition to precision Surgery, Dr Rubinstein and his surgical team strive to provide patients with best practice post-operative care. Our patients are respectfully cared for throughout all stages of the surgical journey. Dr Rubinstein's "no drains" surgical approach also allows most patients to achieve optimal results whilst experiencing less down time and minimal scarring.
